

**NEW** TLR 1/8 8IGHT-X NITRO BUGGY RACE KIT **AVAILABLE NOW**

#### PRODUCT OVERVIEW

To be the best, you have to drive the best and the Team Losi Racing® 8IGHTTT platform is second to none. With multiple ROAR national titles and major international wins, the 8IGHT represents a championship-winning heritage. The original 8IGHT took 1/8th-scale racing by storm and now the future of racing is hitting the track - the 8IGHT-XT 1/8 Nitro Buggy. This is a completely redefined racing platform crafted from the ground up. Designed to be the best of all possible worlds for drivers, it features a new wider chassis, potent drivetrain, and major updates to the suspension package and geometry. Team Losi Racing continues to push the envelope of performance with the 8IGHT-X Buggy
